**HANDOVER OF THE e-CITIZEN CLOUD SERVERS' CREDENTIALS TO ICT AUTHORITY**

Reference is made to the above matter.

As you are aware, the Government of Kenya, through the Ministry of ICT & Digital Economy, initiated the process of taking full control of the e-Citizen platform, so as to ensure full accountability and responsibility. At the moment, Safaricom Ltd technical team has the custody of the servers' accounts and passwords.

As part of the process, there is urgent need to hand over the e-Citizen platform credentials (which include Super-administrators' accounts and passwords) for all the servers hosting various applications and services within the platform.

In this regard, it is requested Safaricom Ltd technical team hands over the said credentials to CEO, ICT Authority for custody and system administration.

Yours
